The Company shall have no responsibility for errors, omissions or delays in information contained in the DMF or any update files. The Company shall use the comparison criteria specified in Schedule A. During the twelve month transition period, the Company will continue to perform monthly cross-checks of its business under its current procedures and such transition period will be used to conform those procedures to the provisions of this agreement.
- b. If the Company is not contacted by a Beneficiary within one hundred twenty (120) days from its receipt of the Date of Death Notice, the Company shall promptly commence a Thorough Search, which shall be completed within one (1) year from the Date of Death Notice. - d. In the event that one of the Company's line of business conducts a search for matches of its Insureds against the DMF at intervals more frequent than those provided for in this Agreement and such DMF Match results in action being taken with respect to a Policy, Annuity Contract, or Retained Asset Account, then that line of business shall share the relevant Insured information among other lines of business.
- e. The Company shall include in its comparisons against the DMF individual participants under any annuity contracts that do not meet the definition of Annuity Contract set forth in Section 1(b) above, provided that the Company has not received any payroll deduction within the preceeding ninety (90) days of the comparison for the individual participant. TIAA is required to implement the procedures as soon as possible, but in no event more than 12 months from the Effective Date.

 - iv. the Annuity Contract is annuitized as soon as practicable, but in no event more than forty-five (45) days following the Maturity Date, if the Company has a valid address for the Annuity Contract Owner and no response is received to the letters described in subparagraph (i) hereof;
 - v. if a Thorough Search for the Annuity Contract Owner is unsuccessful, or if none of the annuity payments for a contract that has been annuitized under subparagraph (iv) hereof are not deposited, the Proceeds shall be reported and remitted as Unclaimed Property to the affected jurisdiction(s) within three (3) or five (5) years, as applicable, from the Maturity Date or date of annuitization payment.

- b. This Agreement does not impair, restrict, suspend, or disqualify the Company from engaging in any lawful business in any jurisdiction, based upon, or arising out of, the Multi-State Examination regarding any alleged act or omission of the Company; provided that all matters set forth in this Agreement shall remain with the sole and exclusive jurisdiction of the Departments.
- c. This Agreement contains the entire agreement between the Parties regarding the Company's claims settlement practices, procedures, policy administration relating to the matching of Insureds against the DMF or any similar database and that there are no other understandings or agreements, verbal or otherwise, between the Parties, except as set forth herein. In entering into this Agreement, no Party has relied on a representation not set forth herein.
- d. Neither this Agreement, nor any of the communications or negotiations leading up to this Agreement, nor any actions taken or documents executed in connection with this Agreement, is now or may be deemed in the future to be an admission or evidence of any liability or wrongdoing by the Company with respect to the subject matter of the Multi-State Examination.
- e. Subject to the Company's performance of and compliance with the terms and conditions in this Agreement and Schedules each Department hereby releases the Company from any and all claims, demands, interest, penalties, actions or causes of action that each Department may have or allege by reason of any matter, cause or thing whatsoever, regarding or relating to the subject matter of the Multi-State Examination; provided, however, that nothing herein shall preclude the Lead States from conducting subsequent Multi-State Examinations to assess the Company's compliance with this Agreement.
- f. In the event that any portion of this Agreement is enjoined or held invalid under the laws of a Department's jurisdiction, such enjoined or invalid portion shall be deemed to be severed only for the duration of the injunction, if applicable, and only with respect to that Department and its jurisdiction, and all remaining provisions of this Agreement shall be given full force and effect and shall not in any way be affected thereby.
- g. Nothing in this Agreement shall be construed as an admission of any party's position as to the preemptive effect of the Employee Retirement Income Security Act of 1974, as periodically amended, or the law of the jurisdiction as applied to employment based plans.

- h. This Agreement shall not be construed to allow or require the Company to implement policies or practices that will or may diminish the rights or the Proceeds due to Beneficiaries under the terms of its Policies, Annuity Contracts, or Retained Asset Accounts.
 - i. To the extent that any laws, rules, or regulations are adopted by any Department, or a regulatory agency of a Department that conflict with any of the terms and conditions of this Agreement, then the application of those affected terms and conditions shall be superseded by such laws, rules or regulations as it applies to that Department, provided that all other unaffected terms and conditions of the Agreement shall remain in full force and effect.
 - j. Nothing in this Agreement shall abrogate the obligation of the Company under the Unclaimed Property Audit Agreement.
 - k. The Parties represent and warrant that the person executing this Agreement on behalf of each Party has the legal authority to bind the Party to the terms of this Agreement.
 - l. This Agreement may be executed in counterparts. A true and correct copy of the Agreement shall be enforceable the same as an original.
7. **Enforcement.** The failure to comply with any provision of this Agreement shall constitute a breach of the Agreement, a violation of an Order of the Departments and a violation of Company's Agreement with the Departments, and shall subject Company to such administrative and enforcement actions and penalties as each Department deems appropriate, consistent with each Department's respective laws.

IN WITNESS WHEREOF THE PARTIES HAVE EXECUTED THIS AGREEMENT

RULES FOR IDENTIFYING DEATH MATCHES

In comparing Company's records of its insured's, annuitants, Annuity Contract owners, and retained asset account owners against the DMF and any updates thereto, the governing principle to be followed shall be establishing whether or not a unique biological individual identified within the Company's data is the same as a unique biological individual identified on the DMF in a case where a benefit is due and payable. In comparing the Company's records of its insured's, annuitants, Annuity Contract owners, and retained asset account holders against the DMF, the Company shall utilize the following set forth below as the minimum standard for determining what constitutes a match.

Category 1: Exact Social Security Number Match occurs when the Social Security Number contained in the data found in the Company's records matches exactly to the Social Security Number contained in the DMF.

Category 2: Non-Social Security Number Match occurs in any of the following circumstances:

1. The Social Security Number contained in the data found in the Company's Records matches in accordance with the Fuzzy Match Criteria listed below to the Social Security Number contained in the DMF, the First and Last Names match either exactly or in accordance with the Fuzzy Match Criteria listed below and the Date of Birth matches exactly.
2. The Company's records do not include a Social Security Number or where the Social Security Number is incomplete (less than 7 digits) or otherwise invalid (e.g., 111111111, 999999999, 123456789), and there is a First Name, Last Name, and Date of Birth combination in the data produced by the Company that is a match against the data contained in the DMF where the First and Last Names match either exactly or in accordance with the Fuzzy Match Criteria listed below and the Date of Birth matches exactly, subject to paragraph 3 immediately below.
3. If there is more than one potentially matched individual returned as a result of the process described in paragraphs 1 and 2 immediately above, or if both the Social Security Number and Date of Birth found in the Company's Records match in accordance with the Fuzzy Match Criteria listed below, then the Company shall run the Social Security Numbers obtained from the DMF for the potential matched individuals against Accurant for Insurance or an equivalent database. If a search of those databases shows that the Social Security Number is listed at the address in the Company's records for the insured, then a Category 2 Match will be considered to have been made only for individuals with a matching address.
4. If the Company's systems do not contain a complete "Date of Birth," then a "Date of Birth" exact match will be found to exist where the data that is available on the Company's systems does not conflict with the data contained in the DMF. By way of

example, if the Company's systems only contain a month and year of birth, an exact "Date of Birth" match will exist if the DMF record contains the same month and year of birth. Additionally, if the Company's systems only contain a year of birth or contain a complete date of birth that includes a month and day of 1/1 (e.g., January 1) followed by a year of birth, the Date of Birth will be deemed to match exactly where the year of birth in the data that is available on the Company's systems is within one (1) year of the year of birth listed in the DMF. By way of example, if the Company's systems contain 1/1/1934, an "exact" Date of Birth match will exist if the DMF record contains a year of birth of 1933, 1934 or 1935.

Fuzzy Match Criteria:

1. A First Name fuzzy match includes one or more of the following:

- a. "First Name" "Nick Names:" "JIM" and "JAMES." The Company shall utilize a Nickname database, such as the pd Nickname database from Peacock Data, Inc. or an equivalent database, as well as publicly available lists of names and nicknames to identify matching First Names where a nickname is used on one or both sides of the match.
- b. "Initial" instead of full first name: "J FOX" and "JAMES FOX."
- c. "Metaphone" (a recognized and accepted phonetic name matching algorithm created by Lawrence Phillips and originally published in 1990): "BUDDY" and "BUDDIE."
- d. Data entry mistakes with a maximum difference of one character with at least five characters in length: "HARRIETTA" and "HARRIETA."
- e. If First Name is provided together with Last Name in a "Full Name" format and "First Name" and "Last Name" cannot be reliably distinguished from one another: "ROBERT JOSEPH," Both "JOSEPH ROBERT" and "ROBERT JOSEPH."
- f. Use of interchanged "First Name" and "Middle Name:": "ALBERT E GILBERT" and "EARL A GILBERT."
- g. Compound "First Name:" "SARAH JANE" and "SARAH," or "MARY ANN" and "MARY."
- h. Use of "MRS." + "HUSBAND'S First Name + Last Name:" "MRS. DAVID KOOPER" and "BERTHA KOOPER" where the "Date of Birth" and "Social Security Number" match exactly and the Last Name matches exactly or in accordance with the Fuzzy Match Criteria listed herein.

2. A "Last Name" fuzzy match includes one or more of the following:
- a. "Anglicized" forms of last names: "MACDONALD" and "MCDONALD."
 - b. Compound last name: "SMITH" and "SMITH-JONES."
 - c. Blank spaces in last name: "VON HAUSEN" and "VONHAUSEN."
 - d. "Metaphone" (a recognized and accepted phonetic name matching algorithm created by Lawrence Philips and originally published in 1990): "GONZALEZ" and "GONZALES."
 - e. If First Name is provided together with Last Name in a "Full Name" format and "First Name" and "Last Name" cannot be reliably distinguished from one another: "ROBERT JOSEPH," Both "JOSEPH ROBERT" and "ROBERT."
 - f. Use of apostrophe or other punctuation characters in "Last Name:" "O'NEAL" and "ONEAL."
 - g. Data entry mistakes with a maximum difference of one (1) character for last name with at least eight (8) characters in length: "MACHIARELLI" and "MACHIARELLI."
 - h. Last Name Cut-off: A match will be considered to have been made where due to the length of the Last Name, some of the last letters were not saved in the database. Examples include: "Brezzinnow" and "Brezzinnowski" and "Tohightower" and "Tohightowers."
 - i. Married Female "Last Name" Variations: A fuzzy "Last Name" match will be considered to have been made even though the data does not match on the last name of a female, if the "Date of Birth" and "Social Security Number" match exactly and the First Name matches exactly or in accordance with the Fuzzy Match Criteria listed herein.

3. "Social Security Number" fuzzy match includes one of the following:
- a. Two (2) Social Security Numbers with a maximum of two (2) digits in difference, any number position: "123456789" and "123466781."
 - b. Two (2) consecutive numbers are transposed: "123456789" and "123457689"
 - c. If a Social Security Number is less than nine (9) digits in length (with a minimum of seven (7) digits) and is entirely embedded within the other Social

Security Number: "12345678" and "012345678."

Other Matches and Mismatches

Notwithstanding the fact that a policy is listed as a match in accordance with the foregoing rules, there will not be a reportable match if the Company is able to produce competent evidence to establish that the unique biological individual identified in the Company's data is not the same as a unique biological individual identified on the DMF or such individual is not dead.
